COMPANY PROFILE

Superyacht Middle East, JLS Yacht Training Institute, The Yacht & Charter Service Company and Crew Placement Middle East are all registered companies underJLS Yachts LLC. We have been operating in the UAE for over 20 years.

The company is intent on raising the industry standards in service, reliability and innovative programs in the Middle East to a new level.

With a rapidly expanding marine environment in the UAE, the principle of JLS Yachts saw the need for an honest, aggressiveand reliable operator to cater for this increase in the market.

Combined with a core team of 32 professionals totaling over 130 combined years of marine experience, the future is very exciting for this young and talented company.

Based around a full-service management company, we have introduced the "Customer - We Care" policy.

We understand the workings of the Middle East and have the ability to move ahead with actions that tend to take extended time. We go that extra mile and it shows.

Overall, JLS Yachts LLC is a "One Stop Shop" for all your marine requirements.

JLS YACHTS LLC (A Family of Excellence) hosts four dynamic divisions to service the pleasure yacht industry.

- Superyacht Middle East
- The Yacht & Charter Service Company
- Yacht Training Institute (Dubai and Abu Dhabi)
- Crew Placement Middle East

Founder of JLS Yachts LLC Captain Stephen Corbett who's marine experience included management positions at Jebel Ali Hotel and Marina (Marina Engineer), Yacht Solutions (Operation Manager), and Isora Yachts (Business Development Manager) recognized the urgent need for a dedicated pleasure marine service provider that brought honesty, transparency and service orientation to the market.

Captain Corbett was able togroup core skills and requirements into a single service provision company. With 20 years of direct involvement in the marine field, he now possesses a depth of understanding which unmatched in the sector, & is a substantial contributor to its legitimacy.

JLS YACHTS LLC
NEW CORPORATE IDENTITY

As part, of its overall strategic business and development plan, JLS Yachts LLC develops and launches its new corporate identity, communication materials & mediums.

We have changed, we have grown bigger and better. We were founded as The Yacht & Charter Service Company under the domain www.yachtand-charterdubai.com until recently when we changed to www.jlsyachts.com.

The world has changed a lot since our last brand update 20 years ago, and so have we. We have becoming a more international organization, with growing employees, working in GCC countries and an increasingly global base.

Our brand – our image, what we stand for and how we communicate – needs to reflect that we are an international, forward-thinking organization. It is, therefore, evolving to support our strategy and ensure that we remain modern and relevant to our many audiences around the world.

Our new vision – a world of strong marine economies – also puts our international work at the heart of everything we do.

STAFF PROFILE

JOSEPH AQUINO
Finance Director | JLS Yachts LLC

finance@jlsyachts.com
+971 04 447 0782

Joseph has been in the UAE since 2004. His first accountancy job was with Isora Yachts of Greenline Group. After two years, he was recruited by Capt. Steve Corbett to form JPS Yachts (now JLS Yachts) and assumed Financial and Administrative roles.

A close aide to Capt. Steve from the start up to present, he is currently the Finance Manager of JLS Group.

He narrates, "I recall when it was only Capt. Steve and I – there were endless struggles in almost all aspects of business operations. The harsh truth about the business world is that some are more armed than others but we fought with what we had.

The marine industry in the Middle East functions differently compared to Europe and most other countries, not to mention it was in its infancy stage at the time of company formation.

The playing field is never even – in fact it is often lopsided because external influences have a unique way of influencing business decisions. We made up for our handicap with "old fashioned" perseverance and hard work.

We tried our best to stay within striking distance in round one – with Capt. Steve's tutelage, he diligently did his homework and executed the plans consistently.

His brainchild "Customer – We Care" adage reverberates across the marine world. The passion, the creative thinking and the hard work that he put in greatly helps to define the marine industry in the UAE. Working with him for years is truly a great honor."

Joseph spends his free time with his wife and two children keeping abreast of current events and developments.

Superyacht MIDDLE EAST

JLS YACHTS LLC SUPERYACHT DIVISION

Superyacht Middle East is the new registered division of JLS Yachts LLC.

Continuing on from from our successful services provided over the last 10 years, our aim is to continue servicing the needs of Superyachts in the Middle East.

Superyacht Middle East offices are conveniently located in both Dubai & Abu Dhabi and is the leader in Superyacht Services for the entire Middle East along with our partners in the surroundding Gulf States.

While providing premier concierge services to the yachting industry, Superyacht Middle East, in conjunction with all its yacht managers, boarding agents, in-house engineers, technicians and in-house support staff, office services including but not limited to Yacht management, Provisioning, VIP service, Bunkering, Crew & Guest transfers, Port agency, Crew placement, Itineray planning and Destination representation.

THE YACHT & CHARTER SERVICE COMPANY

JLS YACHTS LLC YACHT SERVICE DIVISION

At The Yacht and Charter Service Company we pride ourselves on absolute customer service and a wealth of knowledge of the United Arab Emirates as a destination of choice for all Pleasure Yachts.

We offer a complete array of services to all visiting and 'local' yachts, spanning across

- Marine transport
- Yacht registration & license
- Marine logistics
- Marine procurement
- Yacht deliveries

JLS Yacht Training Institute

JLS YACHTS LLC MARINE TRAINING DIVISION

JLS Yacht Training Institute is a fully recognized Royal Yachting Association (RYA) Training Facility and is the leader in Pleasure and Light Commercial marine training in the Middle East.

We are currently recognized for the following discipline to teach:

- RYA Powerboat 1
- RYA Powerboat 2
- RYA Intermediate Powerboat
- RYA Advanced Powerboat
- RYA VHF/SRC

We also offer the following courses:

- STCW '95 (Basic Safety Course)
- One on One Training
- Custom Training
- Deck Hand Training (Entry Level)
- Stewardess Training (Entry Level)

Campuses in Dubai and Abu Dhabi

Crew Placement MIDDLE EAST

JLS YACHTS LLC CREWING DIVISION

Following on with the expansion of services to the Superyacht and Pleasure Yacht Marine Sector we have re-organized and re-vamped our "Crew Placement Services". Launching the World's First video interviewing network will certainly streamline the hiring process and give quicker satisfaction to both crew member and yacht owner.

We are the first and only company in the Middle East region who are placing crew and assisting boat owners, yacht captains and yacht management companies with their manning requirements.

Being the leader in Superyacht/Pleasure services we feel an urgent need for a successful and professional placement service and have travelled extensively throughout the Gulf and Indian Ocean regions to accomplish this. We have signed agreements with our partners to ensure that together, we only bring in qualified and experienced crew to fill your needs.

Working with all marinas, boat builders, marine operators and charter companies throughout the Gulf region we offer our services in line with their requirements.

Another "One stop-shop Solution"

UNIQUENESS

What makes JLS Yachts and it's divisions such a unique company and why should anyone in the Marine Sector need us in association with their marine operations?

To this date there is not another Marine Company in the U.A.E or even the G.C.C. who handles or operates as many specialized portfolios as we at JLS Yachts and it's divisions do.

OUR SERVICES

VISITING SUPERYACHTS

Marinas through the UAE offer the complete wintering package for all ocean going yachts and round the world adventures.

The various marinas that dot the coastline of the UAE vary considerably due to the market they are catering for, meaning that facilities can range from a simple floating dock with cleats to fully fledged marinas and yacht clubs that offer satellite television, phone lines and internet connections.

All marinas offer packages that include water and electricity provision within a set price. The marinas in the city also offer cleaning and maintenance as part of their package.

Many owners also employ specialist companies to keep their boats cleaned, polished and serviced.

PORT AGENCY

We are a fully affiliated member of the prestigious Association of Yacht Support Services Association (AYSS) a worldwide association for the mega yacht industry and JLS Yachts is proud to be know as original member in the Middle East.

JLS Yachts provides outstanding luxury superyacht services to both sail boats, motor boats and superyachts visiting the waters of the UAE.

A specialist in superyacht berthing and bunkering, we can assist with all your superyacht customs clearance paperwork and anything out of the ordinary. JLS Yachts is a one stop provisioning service for luxury yachts cruising in the UAE waters.

Our main objective is to exceed the expectations of superyacht owners, clients, captains, chefs and stewards, and to deliver our promises without compromise.

MANAGED YACHTS

From Superyachts down to small RIBS – JLS Yachts has a management package for you.

With the fast moving pace of the UAE boat owners are struggling to have time to maintain and cosmetically enhance their yachts.

Our maintenance teams and management can take away the hassle of these tasks and put the pleasure back into Pleasure Boating.

Full management packages available including crew / provisioning / mechanical and cosmetic requirements.

Call our Professional Yacht Managers for full details.

INTERNATIONAL SHIPPING

Year on Year JLS Yachts are called on to ship or receive Yachts and boats of all sizes and shapes.

Services include clearances, movements, port handling, cradles and logistics, yacht movements port supervision, divers, heavy lift, trans shipment semi submersible options, shrink wrapping and road transportation.

YACHT CHARTER

Working very closely with the One & Only Hotel Resort, we operate their charter fleet along with their water taxi requirements.

YACHT REGISTRATION

Working closely with both local and federal governments JLS Yachts is authorized under their "Ship Management License" to register and de-register yachts and boats in the UAE.

Coastguard inspections – transponder installation

Deregistration – services and attestations are all in demand.

We not only do boats but also trailer registrations.

CREW CARE

Yacht Crewing and Job Placement. JLS Yachts is the only company in the GCC supplying marine crew for full time / part time positions on a wide range of Superyachts.

We place dayworkers on visiting "Foreign Flag" Yachts both locally and also within the Gulf region.

In 2016 we placed approximately 800 days (6400hrs.) of temporary help along with permanent placements from Captains to deck officers.

We have placed crew in not only the UAE but also all of the GCC region along with the Seycelles, Uganda, Turkey and Cyprus.

SPECIAL PROJECTS

Our operations division handles a wide range of Special Project tasks and requests.

Anything from:

- Special Group Training
- Military Contracts
- Water Taxi Operations
- Marina Consultation
- Dubai / Muscat (Marine Highway Adventures)
- Abu Dhabi Grand Prix Port Agency
- Boat Show Logistics
- Trailer Registration & Refurbishment

MARINE TRAINING

Not only approved and recognized by the prestigious Royal Yachting Association (RYA) of the UK, JLS Yacht Training Institute is fully recognized by Dubai Maritime City Authority and also the Federal Transport Authority of the UAE.

We are only one of two training schools recognized by the Dubai Maritime City.

Running our very successful institute we have trained over 2500 students to date.

- RYA Powerboat 1
- RYA Powerboat 2
- RYA Intermediate Powerboat
- RYA Advanced Powerboat
- RYA VHF/SRC
- Deckhand Training (Entry Level)
- Stewardess Training (Entry Level)
- Custom and one on one training a specialty that we offer.

LOGISTICS / MARINE TRANSPORTATION

JLS Yachts logistics maintain a fleet of boats available for a wide array of logistical requirements. Below is a brief list of tasks and requirements which we have handled or could handle.

- Towing & Rescue
- Transfers (Oil Rigs, Superyachts & Logistics)
- Escorting & Piloting (Local Knowledge, Marina deployment)
- Water taxi Services

Our rates our extremely competitive and our crews are a pleasure to work with. Please call for rates, conditions and boat details.
"If it floats – we can move it"

MARINE PROCUREMENT

JLS Yachts have joined forces with Superyacht Middle East to bring you the best in merchant marine, superyacht and pleasure yacht supplies and procurement.

Everything from life jackets, flares, food stuff, flowers and machinery parts. Delivery services to not only all ports and marinas in the UAE but delivery and sales to Oman, Bahrain and Qatar.

PROFESSIONAL SERVICES

We have teamed up with some of the best professional service providers in the country to supply excellent service and conditions for our esteemed clientele.

Areas covered by our partners as follows.

- Security (Marine Escorts and On-board)
- Insurance (H&M, P&I / Crew Care)
- Survey
- Company Set-ups / Licenses in the UAE

JLS YACHT TRAINING INSTITUTE

MARINE TRAINING

OMAN
EXPLORATION

OMAN EXPLORATION

The Superyachts arrival into the Gulf comes in a timely fashion as it ultimately kicks off the winter season in Europe allowing the superyacht season in the Gulf to carry on with various events attracting superyachts from all over the globe.

Proposal for Superyachts exploration of the beautiful Omani coasts exploring various preserved islands while taking in the share natural scenery of what Oman has to offer.

Oman can offer share relaxation incorporating the luxuries of hotel facilities to private beaches, snorkeling and diving, watersports, historical exploration amongst various other activities while allowing time to discovery the beautiful coastline.

BARR AL JISSAH HOTEL AND MARINA

Avisionary blend of architecture, inspired by Oman's rich heritage and the natural landscape, sets Barr Al Jissah apart as an exclusive community.

Carefully crafted homes are situated in perfect harmony with the surrounding cliffs, gazing down on to the marina where sleek yachts ply the same waters where ancient dhows on cesailed.

Marina is set up to accommodate any incoming superyachts, with dedicated tender docks, VIP caraccess, garbage disposal and ava strange of hotel services. A bundance of anchorage spots, deep body of water with a sensational backdrop.

Private secluded beaches at only a tender ride away.

OMAN ANCHORAGES

23°32'56.2"N 58°39'04.7"E

If anchored outside the break water at Barr Al Jissah Marina, this beautiful beach which is hidden around the corner from the Oman Dive Center provides guaranteed privacy. Very short distance from the marina and anchorage, tenders are able to come in close to drop off guests.

23°33'13.5"N 58°39'34.5"E

If anchored outside the breakwater at Barr Al Jissah Marina, AlHusan is one of the executive Hotel suites of the Barr Al Jissah chain of hotels. This area provides beautiful pristine beaches with privacy.

23°31'01.9"N58°44'55.3"E
23°30'28.7"N58°45'23.0"E

Approximately 7-9nm on the inlet of Ra's Al Khayran lies a ideal beach location. It's been stated that this location is relatively busy during the weekend which eliminates the necessityof private beaches. Mother ship will need to anchor outside the entrance to the Khor due to shallow waters on the inlet.

OMAN ANCHORAGES

23°19'02.1"N 58°54'50.6"E
(Ras Adu Daud)

Secluded private beach with access visa tender, beach has some areas of high rock build up. Beach is clean and private which is not populated by tourists

BANDER KHAYRAN, MUSCAT

Several dive sites are located within a series of coves and bays south-east of Muscat. The diving is predominantly on relatively shallow coral reefs, but the area also features a few drop-offs and one of the best wreck dives in Oman - the Al Munnassir.

The Oman government sunk this 84m./276ft. vessel as an artificial reef and she now lies upright on the bottom in about 30m./100ft. of water. Giant morays, large schools of snapper and goatfish as well as turtles and rays all now call the vessel home.

DAYMANIYAT ISLANDS, MUSCAT

This string of small, rocky islands north of Muscat are encircled by coral reefs and are a nature reserve and an important turtle nesting site. You'll be surrounded by abundant fish and glide over lush coral reefs down to 30m. / 100ft. It's not uncommon to see turtles, of course, but also rays & reef sharks.

FAHAL ISLANDS

Fahal Island is a fossilized limestone formation with three prominent pinnacles that peek out above sea level. It is also known as Shark Island. It is a large piece of land located 4 km offshore from Muscat's popular tourist beach. The easiest way to reach the island is by boat and it is an approximate ride of 20 minutes from the dive center.

The limestone that makes up the Island's composition was originally part of the sea floor and the island is made up of shells, coral and algea. It is not an island where one can picnic but it sure does make an interesting trip to see how the changes in the rock has affected its composition, and of course to see the sea life that it is made up of.

It is a fantastic place for divers of any level as it boasts different experiences at different depths. The bays contain varieties of soft and hard corals tahe are a perfect little exploration for novice divers and snorklers.

ZIGGY BAY MARINA AND SIX SENSES RESORT

Nestled on the coastline of the Musandam peninsula's rugged mountain fjords, that rise up to 2,100 meters above sea level, Zighy Marina is a sustainable boutique marina that will offer luxurious services in full simplicity. Made up of cobblestone buildings, this sprawling luxury hotel on the Musandam peninsula is nestled in a beach cove facing the Gulf of Oman.

Featuring 1, 2 or 4 bedrooms, the airy, secluded suites and villas have free Wi-Fi, flat-screens and espresso machines, plus daybeds, infinity pools, wine cellars and terraces. Some add spa treatment rooms and/or beach views

A mere two-hour drive from Dubai and Zighy Marina awaits you, offering spectacular scenery, great water sports, and fascinating marine wildlife.

- Water & electricity at the berth
- Free Internet Wifi
- Free access to the Six Senses Resort's facilities, pool and beach
- Usage of conveniently located BBQ place at the marina
- Assistance in obtaining sailing permits
- Scuba diving and charter operation on site
- Guardienage services
- Yacht charter
- Fishing charter
- Boat pick-up service from Dibba

KHOR HABLAYN

This is one of the biggest Khor's in the Musasdam peninsula home to sheer cliff faces, deep waters and an abundance of secluded locations to anchor.

KUMZAR

The magnificent marine scenery. Trips head out into the open sea around the coast, passing the entrance to Khawr Ghob Ali and then past Jazirat al Ghanim (Goat Island). The journey continues into the Strait of Hormuz, with wonderful sea views of craggy headlands, distant islands and oil tankers plying up and down the strait, before turning in towards Kumzar itself, a colourful huddle of buildings wedged below sheer cliffs.

STRAITS OF HORMUZ

The name "Straits of Hormuz is well known to everybody abroad, but rarely anybody knows about the breathtaking beauty the region of Musandam. Its rocky land mass juts out into the "Strait of Hormuz", giving it great strategic importance over one of the busiest shipping lines in the world.

KHOR SHAM

Khor Sham is a spectacular sheltered 16 km long fjord with crystal clear water. The fjord with high mountains has given the area a second name "The Norway of Arabia"

NADIFI

The first village of fjord with around 120-150 inhabitants. There is no land access to this area; most of the villagers are fisherman.

TELEGRAPH ISLAND

In 1984, the British built a telegraph station on the island. They laid an underwater cable from india to Basra in Iraq to get a telegraph connection between England and India. The island is surrounded by corals and reefs and is one of the best places for swimming and snorkeling.

SEEBI ISLAND

It's located at the end of the fjord and another ideal place for swimming and snorkeling in calm, crystal clear water.

The Superyachts arrival into the Gulf comes in a timely fashion as it ultimately kicks off the winter season in Europe allowing the superyacht season in the Gulf to carry on with various events attracting superachts from all over the globe.

Proposal for Superyachts exploration of the UAE especially the emirate of Dubai is a playground for guests and clientele that enjoy the finer luxuries in life. It houses some of the most prestiges restaurants in the world, houses the tallest building in the world and is what we call the “Vegas of the Middle East”. From fine dining, to VIP desert safaris and hot air-ballooning, cocktails in the tallest building in the world, luxury hotels and shopping to all VIP luxuries, Dubai can offer it all.

Anchored off BurjAl Arab, there is several restrictions in this area, we had M/Y Nirvana anchor off a fair distance from the Burj Al Arab whereby the guests can enjoy the hotel facilities of the Jumeriah Beach Hotel. Inside their break water they have a special private beach for hotel guests only, this can be accessed if the facilities are used.

An arrangement can be made to utilize the tender docks at the Jumeriah Beach Hotel Marina in order to transfer guests to the Jumeriah Beach Hotel, BurjAl Arab or Mina A’Salam Madinat Jumeriah. In close vicinity is Lebanon Island which is part of the World Islands, great for beach access, relaxation and cocktails on the beach.

UAE ANCHORAGES

MENA SEYAHI LAGOON

The Mina SeyahiLagoon was created by the building of The Palm Jumeirah and Logo Island, effectively creating an ideal anchoring spot for yachts off the private resorts of Le Meridien Mina Seyahi, The Westin Dubai Mina Seyahi Beach Resort & Marina & The One & Only Royal Mirage. The lagoon is flanked to the north-east by the trunk of The Palm and to the south-west by the DIMC marina breakwater.

Its sheltered location ensures that the Mina SeyahiLagoon is always a bustling destination, especially at weekends, and care must be taken to abide by the local laws in relation to speed, anchoring & watersports.

DIMC (Dubai International Marine Club) an arrangement can be made in order to use their facilities, tender docks, garbage disposal and VIP parking and guest collection.

Private beach access can be obtained at the One & Only Royal Mirage, beach day passes can be arranged allowing access and drop of usage of the hotels jetty.

CRUISING GUIDE

From the starkf jord-like terrain of the Musandam, to the preserved rustic island lifestyle on Dalmaand Sir BaniYas, the UAE coastline offers multiple adventurous destinations for enthusiastic explorers.

While the urban conurbations offer a variety of mooring spaces beside restaurants and hotels, for those who prefer the peace of the sea and the clear blue waters touching the horizon, aplethora of deserted sandy islands, unrestricted beaches and bountiful fishing spots can be found along the way, for vessel so fall sizes.

As the mangroves and archipelagos are more the preserve of the shallow draft vessel,many deep water channels have been created allowing larger yachts to take advantage of and get close to some of the more remote destinations.

YOUR ARRIVAL TO EMIRATES PALACE MARINA

APPROACH BYSEA

Set behind a protective break water at the entrance to the Mussafah Channel, at the Western most corner of Abu Dhabi island, the visual way point of the Mussafah Safewater mark (oc. 15s, FD2) at 24-29-300N; 54-18-00E lines up for the main approach to the marina from any coastal direction.

From this point, head SE, leaving the Marina Village sea wall to the port & the Emirates Palace Hotel bay will open up ahead. Emirates Palace Marina (24-28-08; 54-18-48) is located immediately to starboard after the starboard mark set comfortably off the break water. At night, the port and star board lateral marks are lit Fl.5s.

For safety and security procedures, UAE Coastguard patrol vessels are permanently stationed at Emirates Palace Marina entrance & will stop any vessel without prior entry authorisation. To prevent any impediment to your safe entry, please ensure the marina capitainerie is informed of your arrival.

MARINA SERVICES &FACILITIES

Emirates Palace Marina, is the first of its kind in the country and the Gulf region in terms of luxury, and as a custom destination for luxurious yachts inside and outside the United Arab Emirates.

Undoubtedly the most prestigious new marina development in the Middle East, with instant deep water access to the Arabian Gulf, unrestricted air draft, full superyacht berthing capabilities & benefitting from all the facilities of the luxurious Emirates Palace Hotel, Emirates Palace Marina is the ultimate Abu Dhabi yacht haven.

Built specifically for the large yacht owner and visitor, with a dredges 7-metre deep approach and docks designed for yachts up to 100-metres, the scenic Emirates Palace Hotel with its contoured grounds and 1.3 km. - long pure sand beach offers the perfect backdrop for yachts visiting for any length of stay.

ZAYA NURAI ISLAND

ZAYA is a boutique real estate & hospitality development & operations firm specializing in bespoke luxury in the UAE with a professional team focused on delivering a personalized service. ZAYA was founded in 2008 with a clear vision and well-defined principles that apply to all areas of our work.

It is our continued commitment to these principles that sets ZAYA apart from its peers. Our clients satisfaction is paramount to defining our success.

AL BAHRAINI ISLAND

One of the larger of Abu Dhabi’s islands, Bahraini Island (aka Al Maya Island) is also among the few that are open to the public.

The island is about seven kilometers long and there are plenty of peaceful spots to be found here, which is handy as its surrounding waters tend to fill up quickly from Friday morning onwards (locals know it as Millionaire’s Bay).

Charter companies like Belvari Marine will happily drop you off overnight should you wish to extend your stay.

Technically, Al Maya isn’t itself an island –it’s more of a resort that sits on the edge of the popular Bahraini Island. Operated and maintained by Abu Dhabi Country Club.

There are six villas, each with a private pool. There’s also a large communal pool, private beach with sunbeds, a restaurant and a watersports centre where you can try kayaking, wakeboarding, banana boat rides and more.

ST REGIS, SAADIYATI SLAND ABU DHABI

Offering direct access to its private beach on Saadiyat Island, this 5-star resort offers free Wi-Fi & rooms with a private balcony. It features a spa center & an indoor pool. Free parking is also available.

Featuring a Mediterranean-style décor, the spacious rooms at The St. Regis Saadiyatinclude beds with luxury comforters and pillows, a TV, and an iPod docking station. The private bathroom comes with a double sink, a free-standing tub, a rain shower, and Remèdetoiletries.

The St. Regis SaadiyatIsland Resort, Abu Dhabi has 5 pools, including a 25 m (25 m) indoor lap pool. Its Iridium spa has 12 treatment rooms.

Guests can play a game of tennis or browse the boutiques of the shopping area. The Sandcastle Club offers indoor and outdoor activities for children.

There are 7 restaurants and bars offering a variety of cuisine including a steakhouse and South East Asian and Mediterranean dishes.

An 18-hole golf course is next to The St. Regis. Abu Dhabi’s Corniche is within a 10-minute drive. It is a 10-minute drive to Yas Marina and Ferrari Theme Park. The airport is just a 20-minute drive away.

SaadiyatIsland is a great choice for travelers interested inbeaches, tranquility.

DESERT ISLANDS –SIR BANIYAS ISLANDS

Is a natural island located 170km (110mi) southwest ofAbu Dhabi, the capital of the United Arab Emirates. It lies 9km (5.6mi) offshore from Jebel Dhannaand approximately 105nm from Emirates Palace Marina. Sir BaniYas is 17.5km (10.9mi) from north to south and 9km (5.6mi) from east to west,making it the largest natural island in the United Arab Emirates.

Located just off the shore of the Western region of Abu Dhabi, Sir Bani Yas island was originally home to Arabia’s largest wildlife reserve.

The reserve was established in 1977 Stretching across 1,400 hectares of land, the breathtaking Park is home to many diverse members of the animal kingdom, ranging from the cute Arabian Rock Hyrax to the cheeky Ostrich, the beautiful BeisaOryx and graceful Giraffe to the secretive scavenger, the Striped Hyena.

A bird sanctuary as well as a wildlife reserve, Sir Bani Yas show-cases nature through activities such as adventure safaris, kayaking, mountain biking, archery, hiking and snorkeling.

AYSS WORLDWIDE NETWORK OF AGENTS

The AYSS is a worldwide, self governing body to lift the otherwise mostly unregulated industry of yacht agents to a transparent and more professional level.

Potential Yacht Agent members are strictly vetted before being accepted with a minimum of 2 years in business and 3 sets of recommendations being required from Captains, Industry and Fellow AYSS members.

These recommendations are updated every 5 years approximately.

The objectives of the AYSS are: to lift the otherwise mostly unregulated industry of yacht agents to a transparent and more professional level, by the following means:

Members subscribe to and fully comply with the AYSS Code of Ethics and Conduct.

Captains, owners or yacht managers may complain to the AYSS board in case they are not happy with services provided by AYSS members, the AYSS board will help to solve any problems. AYSS yacht agents who do not comply with the code of ethics will be questioned and in extreme circumstances will be asked to resign from the association.

Advantages of being an a AYSS member:

– Reliable information about other jurisdictions
– Facilitating Members' professional liabilityinsurance
– Facilitating discount from marine suppliers

All members strive to work in the spirit of fairness with clients, who are entitled to an honest and transparent business relation with an AYSS office. Members are devoted to high professional ethics, integrity and courtesy.

The AYSS policy of business transparency means clear and accurate information coupled with concise and easy to understand quotes and accounting.

SUPERYACHT SERVICES GUIDE

The wonders of the Arabian Gulf await you..an alternative Winter destination

The Middle East is in the news for political & humanitarian reasons, yet so much of it is coastline is staggeringly beautiful, peaceful and brimming with the history of its ancient civilisations, culture and dazzling architecture.

There are some wonderful destinations for large yachts and many millions of dollars have been invested in new facilities along its shores, especially in Dubai, which lies a hundred miles inside the Arabian Gulf, as well as Abu Dhabi, just 80 miles further along the coast.

Abu Dhabi's hundreds of islands are great for exploring the shoreline and along with the tropical desert climate, where it is sunny virtually every day, makes it a perfect destination particularly either side of the hottest summer months, & as an alternative Winter destination!

Captain Steve Corbett, who runs the fully licensed RYA JLS Yacht Training Institute is a man who knows a thing or two about JLS Yachts; "Your One Stop Shop" in Dubai, and along with his team can assist with all UAE and Gulf Destinations. His team have a wealth of information available to help plan a cruising itinerary up to the Gulf, even taking in a few places on the way, including India, Maldives, Seychelles, Sri Lanka or Oman. They take care of all logistics including berthing and bunkering, customs clearance paperwork and provisioning, particularly during the popular time of the F1 Grand Prix.

Captain Steve's services have been recommended by a number of captains, with one saying "The Middle Eastern bureaucracy can be very challenging to deal with and YCSC did a very good job of safely navigating us through the formalities during our time in the UAE. It was a particularly busy time for them as well, due to the Grand Prix being held in Abu Dhabi; Aneel (our main point of contact at YCSC) did a great job in looking after us."

This part of the world offers plenty of attractions for owners, guests and crew alike: especially the thrill of Formula One Grand Prix each November at Yas Marina, situated on vibrant Yas Island, which is one of the premier destinations in the Middle East.

Yas Marina comes recommended for the lifestyle, relaxation and entertainment it offers. With multiple restaurants, a fitness and well-being centre, 227 berths max length 150m / 6 m draft, this is the place to be seen!

In Dubai the Pavilion Marina at Jumeirah Beach Hotel is another luxury place to berth. Located within the Jumeirah Beach Hotel, marina guests can make use of all hotel facilities, beach and swimming pools, with discounts at the hotel restaurants, Talise Spa and on hotel rooms. The Pavilion Marina can accommodate yachts up to 61m in length.

For golf lovers there is the Dubai Creek Marina which can accommodate vessels up to 50m right next to the golf course. The Golf Club is adjacent to the marina which is one of the oldest and most professionally run marinas in the country. There is a chandlery shop, access to fishing and cruise charters and the region's best pleasure boat repair facility.

Apart from water based activities and the amazing cruising ground this region has to offer – one must not forget the well known impressive Malls of Dubai, with record numbers of shops, multi screen cinemas, endless dining options, leisure centres, and even an Aquarium & Ski centre!

Their Marine Training Institute offers a comprehensive range of RYA certified Powerboat courses, STCW 95 and more specific one on one courses.

GULF TRIP

COMPANY LOOK AT CRUISING THE UAE AND OMAN

DUBAI - ABU DHABI

Voyage Leaving the high-rises of Dubai, an offshore route will set up a clear south-westerly passage to Abu Dhabi**.**

Port Emirates Palace Marina, is the first of its kind in the country and the Gulf Region in terms of luxury, and as a custom destination for luxurious yachts. Undoubtedly the most prestigious new marina development in the Middle East, with instant deep water access to the Arabian Gulf, unrestricted air draft, full superyacht berthing capabilities and benefiting from all the facilities of the luxurious Emirates Palace Hotel, Emirates Palace Marina is the ultimate Abu Dhabi yacht haven, the scenic Emirates Palace Hotel with its contoured grounds and 1.3 kilometre-long pure sand beach offers the perfect backdrop for yachts visiting for any length of stay.

ABU DHABI ISLAND

Voyage The Emirate (state) of Abu Dhabi, as well as comprising over 50% of the UAE land mass, comprises numerous islands of varying sizes. For the socialites, the weekend destination of Bahraini island, with its Al Maya resort is a 20 minute cruise from Emirates Palace. For the more adventurous, the desert island of Sir Bani Yas, is a good day trip.

Port 1 One of the larger of Abu Dhabi's islands, Bahraini island (aka Al Maya Island) is also among the few that are open to the public. The island is about seven kilometres long and there are plenty of peaceful spots to be found here.

Port 2 Located just off the shore of the Western region of Abu Dhabi, Sir Bani Yas Island was originally home to Arabia's largest wildlife reserve. Sir Bani Yas is the largest natural island in the United Arab Emirates and is home to many diverse members of the animal kingdom, ranging from the cute Arabian rock hyrax to the cheeky ostrich, the beautiful Beisa oryx and graceful giraffe to the secretive scavenger, the striped hyena. Sir Bani Yas showcases nature's beauty through activities such as adventure safaris, kayaking, mountain biking, archery, hiking and snorkeling.

SIR BANI YAS ISLAND

Voyage Returning from Sir Bani Yas we follow the same directions through the oil patch to Yas Marina, our next overnight stop.

Port Yas Marina, Home of the now famous Formula 1 Grand Prix with its spectacular race track backdrop.

ABU DHABI - KHASSHAB OMAN

Voyage Leaving the Emirate of Abu Dhabi we then head North East past Dubai, Sharjah, Ajman, Um Al Quwain and finally Ras Al Khaimah before dropping off into deep water at the Spectacular Musandum Peninsula in Oman.

Port Khor ash Sham is a spectacular sheltered 16 km long fjord with crystal clear water. The fjord known as "The Norway of Arabia". Cruising on to Telegraph Island which is surrounded by corals and reefs, one of the best places for swimming and snorkeling. Located at the end of the fjord is Seebi Island, another ideal place for snorkeling in crystal clear water.

KUMZAR & KHOR HABLYN

Voyage Continuing to explore the splendid fjords we travel next via The Strait of Hormuz to the capital of the Musandum, Kumzar. Continuing down the East Coast we then enter into Khor Hablyn.

Port Khor Hablyn is one of the biggest Khors in the Musandam peninsula home to sheer cliff faces, deep waters and an abundance of secluded locations to anchor.

Head out into the open sea around the coast, passing the entrance to Khawr Ghob Ali and then past Jazirat al Ghanim (Goat Island).

The journey continues into the Strait of Hormuz, with wonderful sea views of craggy headlands, distant islands, before turning in towards Kumzar itself, which is a colourful huddle of buildings wedged below sheer cliffs.

The name "Straits of Hormuz is well known to everybody abroad, but rarely anybody knows about the breathtaking beauty the region of Musandum. Its rocky land mass juts out into the "Strait of Hormuz", giving it a great strategic importance over one of the busiest shipping lines in the world.

KHOR HABLYN - KHASSHAB OMAN

Voyage Returning back up the East Coast we head to Kshab, the largest town in the Musandum.

Port Kshab is the commercial hub of the Musandum with its colourful port, airport and hotels. You can cruise alongside or anchor out in one of the many secluded bays.

KHASSHAB - DUBAI UAE

Voyage Departing Oman we head south towards Dubai.

Port The Dubai International Marine Club is home to UAE watersports and Emirates Team New Zealand.

For all your Clearances, Agency, Dockage, Supplies and Provisioning requirements.

EXPERIENCE LUXURY BY LAND AND SEA AT EMIRATES PALACE

Built as an iconic landmark showcasing Arabian culture at its finest, Emirates Palace, managed by Kempinski, has created an enviable niche inluxury hospitality.

Welcoming world leaders, business travellers and holiday-makers from around the world, Emirates Palace offers a memorable and unique experience unparalleled in Abu Dhabi through contemporary facilities and personalised service.

One such extraordinary facility is Emirates Palace Marina. The marina is regarded as one of the most luxurious marinas in the Middle East and has been designed without compromise to be a natural haven for yachts of all dimensions.

UNIFORM SOLUTIONS

only at JLS YACHTS LLC

When selecting a uniform there are many factors to consider and individuals to satisfy.
The development itself is something we at JLS Yachts thoroughly understand and that's why we have created these vital services to help deliver the final product exactly how you want it. The process can involve the Crew, the Owner, the Management Company or even the Project Manager and so there will always be a wide selection of styles in each product category to fulfill your needs and meet the highest of standards.

Can you pass a SRC/VHF Course?

RYA Training Centre

1. Is it permissible to hold a discussion on the fortunes of a football team with another vessel on an inter-ship channel?
   - A. Yes
   - B. No
2. When making initial contact with another vessel not fitted with DSC you should call:
   - A. By voice on channel 70?
   - B. On channel M?
   - C. On channel 16 & suggest an inter-ship channel?
   - D. Direct on channel 72 & hope he will be on that channel?
3. For which of the following would it be WRONG to send a voice MAYDAY message or send a DSC DISTRESS ALERT?
   - A. A man has fallen overboard at night
   - B. A crew member has a dislocated shoulder & is in considerable pain
   - C. A motor cruiser has an engine failure in heavy weather close to a rocky lee shore
4. What is the meaning of the procedure words SEELONCE MAYDAY?
5. What procedure word is the Coastguard likely to use before announcing a new gale warning?

*Answers in the next page

Who needs to use sunscreen?

In a word: everyone! The FDA (Food and Drug Administration) and the American Academy of Dermatology recognize six skin categories:

I - Always burn easily, never tans, extremely sun sensitive skin Redheaded, and freckles, Irish/ Scots/Welsh
II - Always burns easily, tans minimally, very sun sensitive skin Fair-skinned, fair haired, blue-eyed, Caucasians
III - Sometimes burns, tans gradually to light brown, sun sensitive skin Average skin
IV - Burns minimally, always tans to moderate brown, minimally sun sensitive Mediterranean-type Caucasians
V - Rarely burns, tans well, sun insensitive skin Middle Eastern, some Hispanics, some African-Americans
VI - Never burns, deeply pigmented, sun insensitive skin African-Americans

The American Academy of Dermatology suggests that, regardless of skin type, a sunscreen with an SPF of at least 15 should be used year-round.

When should a sunscreen be used?

Sunscreens should be used every day if you are going to be in the sun for more than 20 minutes. They can be applied under makeup. There are many cosmetic products available today that contain sunscreens for daily use because sun protection is the principal means of preventing premature aging and skin cancer. Sunscreens used on a regular basis actually allow some repair of damaged skin.

However, because sun exposure is responsible for vitamin D production in the skin, elderly persons who use sunscreen regularly may require vitamin D supplements.

The sun's reflective powers are great -17% on sand and 80% on snow.

Don't reserve the use of these products only for sunny summer days. Even on a cloudy day, 80% of the sun's ultraviolet rays pass through the clouds.

THE ART OF Shining Shoes

1. Wipe off dust with a damp cloth.
2. Use either a soft cotton cloth or a fine natural bristle brush, whose hairs are tightly packed to the handle, to put on the polish.
3. Apply polish to shoe in a small circular movement (magic finger); wrap cloth around finger, or evenly cover shoe with polish using the brush. (The key is not to put too much polish on the shoe--but build the polish and shine up in thin layers--"Fat on Lean" process).
4. Make sure that polish reaches the inside of the creases on the shoe (if they have any).

5. Next let the polish "go off" on the shoe (preferably in the sun, or somewhere warm (heater) for 2 to 3 minutes. This will help the leather absorb the polish and also help the thin layer of polish melt (at a nano level) across the shoe.
6. Using an atomizer, or pistol grip sprayer filled with water and adjusting the nozzle to a fine mist or spray, spray the entire shoe until it is covered with tiny droplets of water. Then polish the shoe dry with the same bristle brush, or another one if you prefer.
7. Repeat process 2 through 6 until you reach the level of shine you want or need.
8. Always keep the polish damp or it will dry out and not take (water works better than spit, but in seriously dried out situations use white spirit, or mineral oil).
9. After you have finished (you'll know when you can see your face in them), wipe with a cotton ball soaked in cold water, or lightly buff with a cotton cloth.
10. You can run over the shoe with a silicone cloth at the end. However this will scratch the shoe leather at a microscopic level (synthetic cloth against a natural product) although it will supercharge your shine, it does not last more than 10 minutes. Use only in absolute emergencies.
11. When the shoes have dried up a little, using fine women's stockings evens the polish out and gives a further shine. You can add a little moisture by spraying or even by breathing on the shoe (there is quite a bit of moisture in human breath). If you don't believe the tip, try it.
12. Leave shoes in a cold room to dry. Best to place them in a shoe box with lid.

Do's and Don'ts

of staying crystal clean

Your crystal ware can add a sparkle to your table and can be handed down from generation to generation. However, great care should be taken to preserve its luster. "Be careful when cleaning because most crystal glasses are fine and can be easily damaged."

Do's

- Line the bottom of the sink with a clean dish towel before you start washing your crystal to minimize the risk of damaging it.
- Always hands wash crystal. You can use a soft sponge and a mild liquid soup for washing.
- Use a toothbrush, and vinegar or mild detergent, to clean the crevices of cut glass.
- Use a cleaning wand for tall glasses or vases.
- For a sparkling finish, rinse crystal in a solution of one part vinegar and three parts water. The vinegar will remove grease and water spots.
- Dissolve a teaspoon of baking powder in three cups of water and rinse the glasses to get rid of any odors. Crystals absorb odors, for instance from the cupboard where they are stored and baking powder banishes odour.
- Use only warm water to wash and rinse because sudden changes in temperature can cause cracking and clouding.
- Dry gently, using gloves when drying crystal to avoid fingerprints.

Don'ts

- Wash your crystal in a dishwasher as it can be easily damaged.
- Crowd crystal pieces together in the sink or in the rack for drying.
- Store your crystal upside down as it can put stress on the rim, which is very delicate.
- Never use any abrasive material to wash or dry crystal.
