ABOVE & BEYOND

More has changed in the industry in the last 12 months than in the last 12 years. Now that pleasure yachting in the UAE has found its moment, the need for the services that JLS Yachts provide is greater than ever.

Captain Steve Corbett
CEO, JLS Yachts LLC
ceo@jlsyachts.com

The JLS Yachts story began when founder Captain Stephen Corbett spotted a gap in the market - there was no dedicated pleasure marine service provider in Dubai and Abu Dhabi. He set out to rectify this problem, creating a concierge service able to help with any and all superyacht services.

JLS Yachts offers a multitude of yachting services to make your stay in Dubai and Abu Dhabi seamless, ranging from management packages for vessels to crew care and transfer, itinerary planning to destination representation. We are also port agency specialists, able to assist superyachts with berthing, bunkering and customs clearance, as well as experts in provisioning anything from food to machinery.

We are the only dedicated provider in the Middle East, specializing in a vast range of superyacht services.

JLS Yachts pride itself on being a 'one stop shop' for all marine requirements.

Captain Stephen was not only intent on filling this gap in the market, but also exceeding expectations for a yachting service provider. Comprising a dedicated team of 34 professionals with a total combined experience of 130 years, no one understands the inner workings of Middle Eastern yachting better than JLS Yachts. Committed to raising the industry standard, they continually go above and beyond the call of duty of a marine concierge service.

JLS YACHTS LLC (A Family of Excellence) has four dynamic divisions to service the pleasure yacht industry.

- Superyacht Middle East
- The Yacht & Charter Management Company
- JLS Yacht Training Institute
- Crew Placement Middle East

**GOLDEN YEAR
OF TOURISM 2022**

A WHOLE NEW WORLD

EXPLORE THE SCENIC BEAUTY OF THE MALDIVES,
THE DEEP AND RICH COLOURS IS YOURS TO BEHOLD.

MINISTER OF TOURISM

Dr. Abdulla Mausoom

Greetings from the Ministry of Tourism.

Year 2020 was marked as the year that brought the global tourism industry to a near standstill. However, the last quarter of 2020 gave us optimism and inspiration from the tremendous determination, efforts and dedication of the tourism industry partners and the tourism growth trajectory. The Tourism Ministry team believed that together we can; and that when the going gets tough the tough get going. Hence, on this World Tourism Day I wish to congratulate all our industry partners and employees for their support and engagement towards the Maldives tourism recovery that we are witnessing today. We are happy to note that last August Maldives tourist arrival numbers surpassed that of August 2019 by 3 percent.

The Maldives adopted a multisectoral unified approach to manage COVID-19 crisis and move on with the travel and tourism industry. The whole of government, whole of travel and tourism industry and the whole of community approach worked well. The Maldives has managed to continue its tourism industry with protocols and guidelines to provide commendable safety to tourists, employees and the community with minimum inconvenience.

Winning the "World's Leading Destination 2020" award by World Travel Awards in 2020 is testament to the great strides that Maldives tourism industry has taken. This is an achievement that makes the forthcoming 50th Anniversary of tourism industry of Maldives even more special.

We are very positive that the Year 2022, Maldives' Tourism Golden Jubilee Year will be very favorable for tourism and related investments in the Maldives. The 10th amendment to Maldives Tourism Act opens many golden opportunities for tourism and related new ventures.

As we face to our 50th Anniversary and beyond, it is important to pay heed to the global competition. Hence, we must ensure that "one island one resort" concept and their overwater developments, the Maldives' landmark selling point and the attribute that gives a clear competitive advantage in the global arena is protected and further developed.

It is also important to diversify the tourism product to attract the mainstream markets and the niche markets. In this regard community based local tourism is to be further extended to inhabited islands to encompass the rich and diverse culture, heritage and biodiversity to our tourism product. This would also enable more Maldivians to get direct and indirect benefits of tourism.

Tourism industry's employees have been instrumental in our tourism success. Hence, I wish to thank all the tourism businesses that invest in staff development and taking good care of the employees. At the same time, I call upon the few establishments who are not in par with the contemporary employee centered management to do so. The government will work hand in hand with the private sector for tourism sector human resource development and enhance the opportunities for Maldivians. It is also our aim to get more women engaged in tourism product ownership and employment.

We wish to thank His Excellency President Ibrahim Mohamed Solih for his continuous guidance.

Thank you all for your contributions to the "Success Story" of Maldives tourism.

Thrilling Side of Life

3 Beautiful caves and coral formations

Nassimo Thila with its beautiful caves and coral formations, HP Reef with its caves and crevices, and Banana Reef with its wealth of fish and sea life are also some of the most popular dive sites in North Male' Atoll.

Diving in North Male Atoll

Male' Atoll offers a large number of varied and well-established dive sites for the avid diver. Being the first atoll to have established tourism, the dive sites in the atoll are among the most popular. Male' Atoll offers a large number of varied and well-established dive sites for the avid diver. Being the first atoll to have established tourism, the dive sites in the atoll are among the most popular in the country. Amazing underwater scenery, marine species ranging from colorful reef fishes to large species such as manta and sharks are all on offer in the atoll.

1 The Maldives Victory Wreck

Is perhaps the most popular wreck dive in the atoll. The wreck sits at a depth of about 35 meters and since it sank in 1981, it has been encrusted with an amazing array of colorful corals.

Groupers, fusiliers and batfish are among its residents.

2 Ari Atoll is famous for its pelagics

North Male' Atoll offers some parallels. Located in the southeast of the atoll, Manta Point is famous for its mantas which gather at the site to feed during the southwest monsoon from May to October.

The reef offers a colorful array of corals and a variety of marine life.

4 Connecting with whale Sharks

One of the most jaw-dropping experiences one can have in the Maldives is to swim, snorkel, or dive alongside a whale shark - arguably one of the most majestic creatures in the ocean. Whale sharks (Rhincodon Typus) are the largest shark, and in fact the largest fish alive today.

THE MAJESTIC BEASTS OF THE OCEAN

Despite their immense size, whale sharks feed on plankton and small fish, so you'll never have to be worried about getting scooped up by a whale shark. If you're wondering how to identify a whale shark, worry not. Their enormous size will help you identify. Keep an eye out for white spotted colouration on these gentle giants.

The Maldives is one of the best destinations to find whale sharks. You'll just need to be savvy on how to find them. The whale shark's favorite spot is South Ari Atoll, where the gentle beasts frequent the channel and can be spotted all-year around. Some of the best islands to find whale sharks are around Dhigurah, Dhangethi and Maamigili.

As you adventure in the Maldives, make sure to tick off 'swimming alongside Whale Sharks' off your bucket list.

5 The Mythical "Paree Fengandu"

Often described as paradise on earth, the islands of Maldives are more than just sun, sand, and sea. These islands, scattered across the ocean like gems, have countless man-made and natural attractions, often untouched and naturally abundant. The historical stories behind some of these breathtaking sights are fascinating to say the least.

A MUST VISIT SPOT IN GAN

One such intriguing place in the Maldives is the "Paree Fengandu" or "Fairy Pond", a freshwater pond nestled amid the lush greenery of Gan island of Laamu Atoll, the largest natural island in the country.

6 Flyboarding

Let's be real. You probably wondered what it must be like to fly high in the sky. Perhaps with a jetpack, too bad they're difficult to come by. Let you in on a little secret? We've got flying in the Maldives.

Flyboarding is an incredibly unique experience offering an exhilarating rush unlike any other. So what are you waiting for? check out with your chosen resort if they can offer you this great rush of adrenaline.

7 Exploring Shipwrecks & Other Sunken Treasures

The Maldives is the perfect destination to dive deep and explore shipwrecks, underwater caves, and other underwater tunnels. Diving in these awe-inspiring locations is exhilarating in its own right.

Shipwrecks and other wrecks are also a testament to how marine ecosystems adapt and take over these sunken relics, one will be surprised by the uniquely intricate ecosystems that form around these relics.

So dive in, and explore the sprawling underwater marine ecosystems that attract marine creatures from shrimp to various species of sharks as well. Diving alongside sharks in a sunken hull overtaken by sprawling moss? Now that's a thrill.

8 Skydiving

Add a pinch of adventure, a spoonful of thrill, a good dose of adrenaline and a bird's-eye view of the breathtaking isles of Maldives? You get skydiving. Put on your jumpsuit, strap on your goggles and literally jump into one of the most adrenaline-fuelled moments of your entire life. Can you handle the thrill of falling 12,000 ft above the water at speeds of 200 km/hr?

Whether you are a seasoned professional licensed skydiver with a couple of thousand dives under your belt or a curious first-timer, the Maldives offers this thrilling experience for all.

9 Surfing

An experience that shines on a whole other level with clean, crystalline reef breaks, the Maldives offers a variety of wave types from rippable to barrelling waves. Surfers will tell you that there is nothing quite as addictive as surfing, and you'll understand why as you come face-to-face with the towering waves in Maldives. The peak season (April to October) is a favorite period amongst surfers visiting the Maldives.

SURFING THE MAJESTIC CRYSTALLINE WAVES OF THE MALDIVES

And if you cannot stay in one place, and seek the best waves across the entire Maldives, why not stay aboard a liveaboard and embark on a voyage of a lifetime. There are liveaboards in Maldives specializing in visiting the best waves all-year round.

10 For Lovers of Marine Life

Maldives is undoubtedly a slice of heaven. For one thing, the country is made up of hundreds of islands which offer an enormous playground for divers to explore. There are channels connecting the ocean to the lagoons and the water coming from the ocean is full of planktons and nutrients which, in turn, attract an incredible amount of marine life. If you plan your next adventure right, you may find yourself swimming among manta rays, whale sharks, sea turtles and so much more. This is precisely what makes Maldives such a hotspot for diving.

South Ari Atoll is one of the best places for spotting whale sharks. The sightings are excellent all year round, with a peak time from August to November. Manta rays can also be found during the northeast monsoon from around October to May.

Dhigurah in **South Ari Atoll** is one of the best places where you can enjoy a snorkeling or diving trip with whale sharks. Coincidentally, The Maldives Whale Shark Research Programme, a research-based conservation charity dedicated to studying whale sharks and fostering community-focused conservation initiatives, is also based here.

Hanifaru Bay in **Baa Atoll** is a feeding hotspot for manta rays. The best time to visit Hanifaru Bay is between June and early October. Scuba diving is no longer permitted here but you can always go swimming or snorkeling amidst these gentle giants and get up close and personal with whale sharks.

Addu Atoll is an exceptional scuba diving spot where you can spot almost everything from manta rays to eagle rays to turtles and more.

In **North Male' Atoll**, Meeru Island Resort & Spa's **Turtle Reef**, is one of the best locations to spot turtles.

“Savaadheeththa Dhathuru”

Maldives Yacht Rally 2022

‘Savaadheeththa Dhathuru’ is a sailing event organized by the Maldives Integrated Tourism Development Corporation (MITDC) inviting sailors from all across the globe to participate in a journey across the Maldives seas, making stops at local islands, exploring the culture, heritage, experiencing famous dive sites, sandbanks etc. The rally begins on February 2022 starting from the most northern atoll of the country, Haa Alif Atoll, taking a course of 3 weeks to reach Baa Atoll. The rally is designed to visit a total of 15 islands.

“Savaadheeththa Dhathuru”- coined as a tribute to one of the greatest heroes in Maldives history, Mohamed Thakurufaanu (Savaadheeththa Mahaaradhun), is the fruition of MITDCs efforts to introduce Heritage Tourism to the country’s blooming tourism industry. The journey is devised to visit protected heritage & historical sites, experience the island lifestyle & to witness untouched natural beauty of the country. Through these efforts MITDC intend to promote Sail Tourism and exploit the benefits to strengthen the position we hold as the Leading Destination in world tourism.

Savaadheeththa Dhathuru Maldives Yacht Rally 2022 was officially launched on 23rd of August 2021 at the Maldives National Museum.

At the launching event Managing Director Mohamed Raaidh highlighted the importance of bringing diversification to the Maldives Tourism Industry and discussed the importance of promoting Community-Based Tourism in local islands. He also quoted President His Excellency Ibrahim Mohamed Solih’s speech on the 100th anniversary of Muleeaage (Presidential Palace) on December 2019, that called for the introduction of Heritage Tourism and its importance in the Maldives. This notable speech by the President was the inspiration that steered the MITDC team to organize the Savaadheeththa Dhathuru yacht rally. The team believes the significance of sail tourism of an archipelago such as Maldives is the best way to explore the real Maldives and such a rally would attract a lot of exposure to the cultural component in the country’s Tourism Industry.’

The very first international marketing event was held at the prestigious Dubai Offshore Sail Club, during October 2021, where an overwhelming support was received from yachtsman at the Club. A lucky draw was made for on-the-spot registrations. After the Q&A session it was evident that the whole sail community is looking forward for an exotic journey to experience the thrill of sailing through the Maldives.

LUXURY SURFING

A Typical Trip, Day by Day...

1 Day

Hi, G'day, Bonjour - Welcome!

- 6 am early departure to the famous surf breaks Sultans, Honkies and Jails.
- Surf and safety briefing. Break for sumptuous freshly cooked breakfast at 9:00 AM and a chef prepared lunch at 1:00 PM.
- Surf all day until 6pm, arrive back on board for a hot shower and prepare yourself for our first night feast and presentation of your crew at 7.30 PM.

2 Day

- Search for the best waves of the day, starting with Cokes and Chickens.
- Surfing, diving, fishing, lazing in the sun - do what you like all day long.

3 Day

- Head South for 3 hours to Lucky Joes and Rip Tide, wet a line and catch some fish as we cruise along.
- Visit a local island to take in the Maldivian culture. Learn how to dive and get your PADI ticket.

4 Day

- Enjoy the uncrowded surf for another day, dive and fish.
- Excursion to beautiful virgin sand island Rihiveli for non/surfers. Picture postcard setting as this island appears out of the beautiful Indian Ocean (only depending on the permission of the manager to enter the resort).
- Join your hosts and other guests on the front deck for a sunset cocktail set to relaxing music. A great way to end another great day.

5 Day

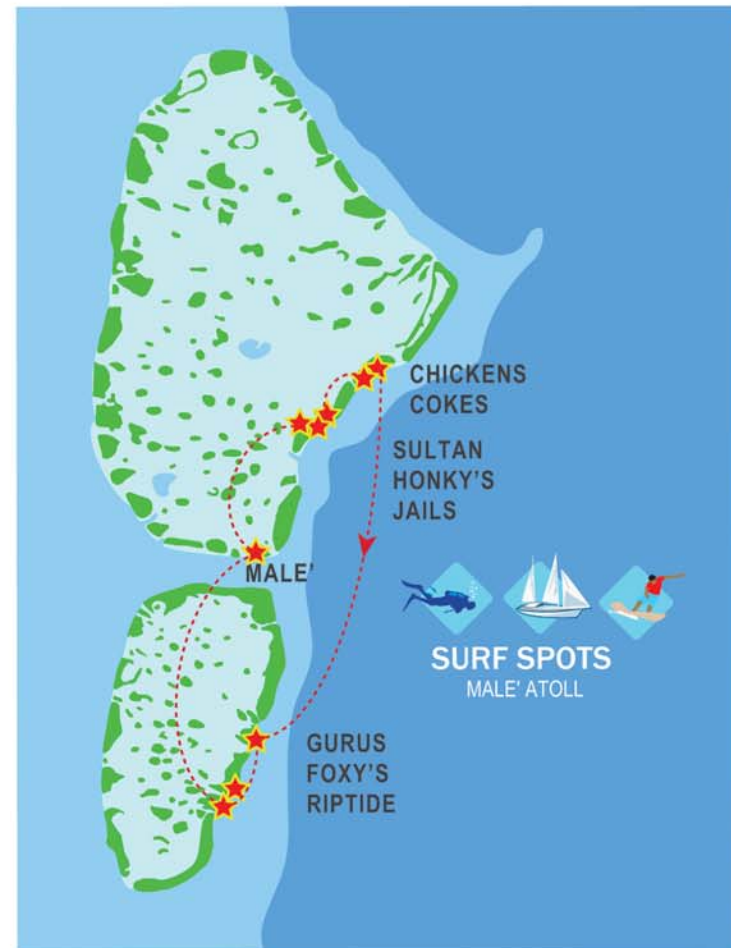

- Early departure and cruise back north to Cokes and Chickens. Surf all day or dive with manta rays once again.
- Afternoon session "Learn how to hold your breath". Learn how to relax under water and hold your breath for longer than ever before free diving instructor David Mesnard.
- Sunset party on the deck.

6 Day

- Early surf report determines where we move to take advantage of the best surf conditions. Head to Sultans and Jails for all day surfing.
- Sunset diaporama on our giant screen on the front deck, featuring photos and videos of your memorable week aboard, if the weather permitted.
- Back on board for the night

7 Day

- Surf all morning until midday.
- A beautiful thank you and good bye lunch before departing for the Airport for your return flights.

A typical day on ocean diving

You don't need to bring any shoes on board as you will be barefoot during all your trip. Our concept is "No news, no shoes". If you wish to stay in contact with your family, bring your phone. You will have 100% roaming wherever we go. You can access on board to internet with the wifi system at extra cost.

You have seen 3 dives for a typical day, but we do sometimes 4 dives a day with a night dive!

After a long day in the surf, you may like to take in a relaxing massage with our fully qualified masseuse. We're here to ensure you have a holiday that you will never forget. Come as guests, leave as friends.

Morning

Wake up your crew can wake you on request anytime from 530am where you will be greeted on the back deck with tea, coffee, juice, fresh fruit, and a range of cereal to prepare you for your day prior to your first dive at around 7.15 AM.

Dive #1 The dive dhoni departs at 7.30 am after a dive briefing on board for the first dive of the day and get to the dive site between 5 and 15 minutes.

Breakfast Your daily breakfast includes omelettes and eggs cooked to your liking, sausages, and a range of traditional cooked Maldivian dishes including "Massouni". Plus we have cakes, juice, tea and coffee and fresh fruit available.

Dive #2 After breakfast, rest comfortably on the different decks onboard Ocean Divine and wait for the second dive of the day at 11.30 AM. Every dive is at a different location chosen from the best options and conditions of the day.

Lunch includes local fresh fish, sashimi and a variety of other fresh Chef-prepared meals and desserts. A highlight of your time aboard.

Afternoon

Dive #3 Feel free to join the afternoon dive it s 2:45 PM the dive briefing on board finishes and you are ready to get on board the dive boat for the last dive of the day, (we do sometimes 4 dives a day with a night dive!). All guests are back on board by 5:00 PM. Snacks and juices are waiting on the back deck when you return. And after a long day in the surf, you may like to take in a relaxing massage with our fully qualified masseuse.

Chill Each afternoon you can enjoy ice-cold beers or a range of freshly prepared cocktails on the front deck while taking in the stunning sunsets set to your favourite tunes.

Dinner is served at 7:30 PM each menu with your chef-prepared set menu changing every evening for your enjoyment. Our Executive Chef "Maheesh" and his Assistant will offer you an explanation of the meals they have prepared for you. Bon Appétit.

Evening Enjoy the company of your fellow guests around the dinner table, take in a DVD in your cabin or the living room, play some games or simply chill out on the front or upper deck under the stars. Or you can simply head off to your comfortable bed for a wonderful night's sleep. It's all up to you, the choice is yours. Diaporamas and explanation about marine life are also on the program on certain nights.

NORTH MALE ATOLL

Embarkation at 12.00PM. Once onboard we will cruise directly to sand bank if you want to dive or snorkel.

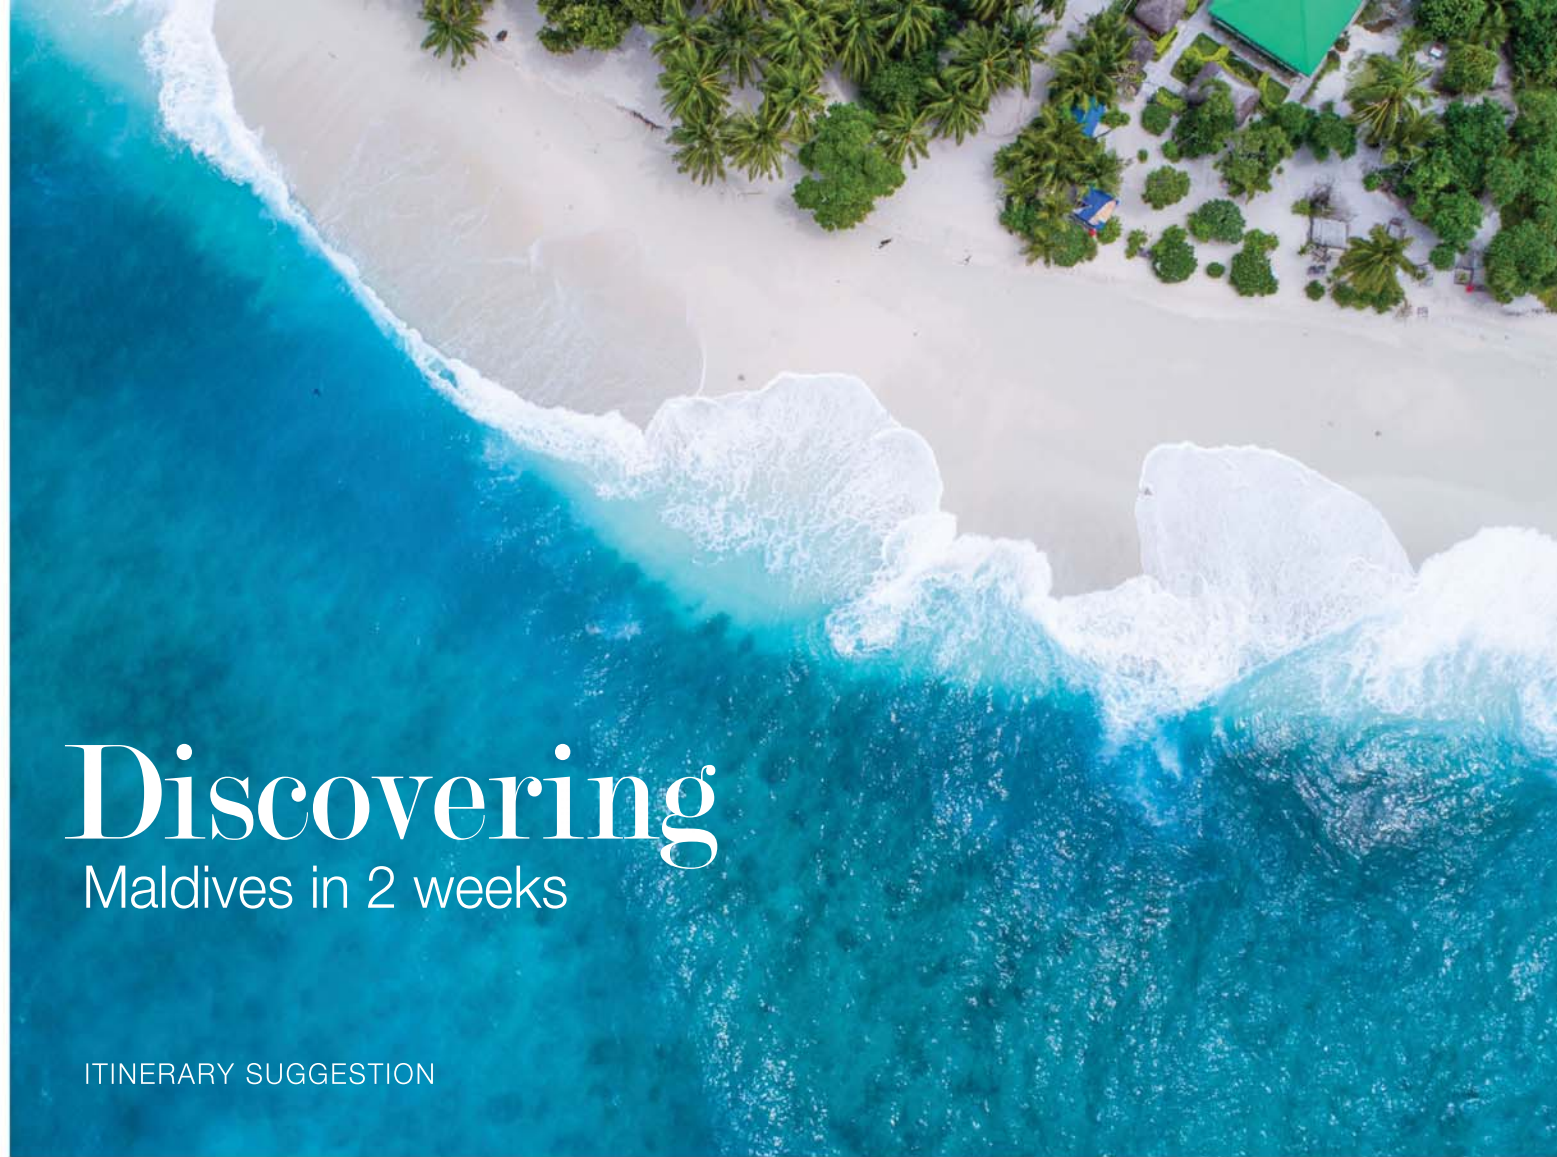

RASDHOO ATOLL

Rasdho Atoll is made up of five islands, Veligandu, Madivarufinolhu, Madivaru, Rasdho and Kuramathi (the largest inhabited island in the archipelago), which lie to the east and south. The western part is exclusively made up of large reefs, with an unusual formation of double crested reefs. Both Kuramathi Kandu and Rasdho Kandu passes are found on either coast of the main island. Rasdho Atoll is a very popular destination for diving. Madivaru Island is even famous for being the best shark watching site in all of the Maldives.

Outer reef falling to a depth of 200m, with one of the best visibility of the archipelago, the underwater world of Madivaru is spectacular. In addition to sharks, divers may encounter eels, ribbon fish (also called sea snakes), jacks, barracudas, wrasse and early morning dolphins and dogtooth tuna. There are also caves teeming with black corals.

Another of the atoll's most important dive sites is Kuramathi Reef, easily accessible from the coast. In particular during an escapade near the wreck of a cargo ship, at a depth of 30m. *From the diver: dive snorkel & visit picnic island (kuramathi resort optional)*

Discovering Maldives in 2 weeks

ITINERARY SUGGESTION

NORTH ARI ATOLL

Here, the most heavenly clichés from magazines and tourist guides will come true. About sixty islets peacefully await the tourist. Of all the Maldives archipelago, the Ari Atoll is the largest and some of its islands are extremely well preserved. On the Atoll, almost every island has its own hotel, which makes the trip even more exclusive. *From the diver: Dive & snorkel sunset cocktail on the sand bank (W resort optional)*

NORTH ARI ATOLL

However, some islets are desert and allow you to spend a few hours in magical places. It is an ideal destination for those who wish to combine relaxation and serenity in a magnificent landscape; young couples are not mistaken, it is a very popular archipelago for the honeymoon. The offer of tourist establishments, called "resorts", is also very high-end (spas, massages, games rooms, nightclubs, quality restaurants, boat rentals, diving courses, etc.). *From the diver: Try for sunset dive & snorkel*

SOUTH ARI ATOLL

The other category of visitors concerns divers. Indeed, Ari Atoll is close to the most beautiful coral reefs in the world, its fish-rich seabed has an impressive variety of multicolored animals. Vilamendhoo Island benefits from the prettiest tropical vegetation, the flora and fauna are exceptionally well preserved. *From the diver: Moofushi For Mantas (Fishing optional)*

SOUTH ARI ATOLL

Cruise the outer reef of the South Ari Atoll. Enjoy a meal at the Conrad Maldives Resort and Spa underwater restaurant. *From the diver: Diving snorkel, BBQ on the beach (Conrad resorts optional)*

SOUTH ARI ATOLL

Snorkel or dive to meet the giant whale sharks. After this unique experience, cruise beyond the Mirihi Island Resort lagoon where lies a spectacular house reef of corals and fish of all hues waiting to be explored. *From the diver: Whale sharks snorkel or diving*

SOUTH ARI ATOLL

From the diver: Whale shark & wreck dives (Lux resorts optional)

VAAVU ATOLL

Vaavu is the smallest of all atolls in terms of population density. The lack of people led to deserted white beaches and stunning natural scenery. Even among the Maldivians, who are already difficult to impress with turquoise pictures of paradise, these islands are famous for their natural beauty. *From the diver: For nurse sharks diving and snorkel.*

Vaavu Atoll to South Male Atoll

VAAVU ATOLL

Relatively undeveloped, Vaavu is known in the Maldives as the best fishing spot. Sport fishing in Vaavu Atoll is one of the main tourist baits, especially for those who seek the thrill and dreams of large prizes, including blue marlin, sailfish, dog-tuna fish, and GT (giant trevally). Fishing on the reef is the main occupation for the locals. *From the diver: Channel dives & snorkel (Fishing optional)*

VAAVU ATOLL

Located south of Vattaru Reef, diving is easy. It is protected from strong currents and begins in the canal. You'll drift to the edge of the reef with butterfly fish and soft, oriental lips that have a leopard skin pattern on their fins. Reef Sharks Whitetip, Napoleon Napoleon and Eagle Rays will be about. Advanced divers can explore the overhangs between 25 and 30 meters. *From the diver: Channel dive & snorkel Sand bank lunch or sunset cocktail (Fishing optional)*

SOUTH MALE ATOLL

Crossing the Vaadhoo Kandu, the choppy channel between North and South Male Atolls, you'll notice that South Male Atoll has a very different feel from its busy northern neighbour. This is partly due to the lack of people – there are only three inhabited islands here, all of which have relatively small populations – and partly to do with the fact that the uninhabited islands are spread out, giving an immediate sense of remoteness. *From the diver: Snorkel (Anantara resorts optional) Disembarkation the next day at 12.00PM.*

Breathing by the Red Sea

Embark on a luxurious voyage in the heart of Jeddah's most scenic views.

Anchored in the most favorable waterfront, Jeddah Yacht Club and Marina offers you the calmness of the Red Sea with the thrill of a life-changing adventure.

Jeddah Yacht Club

The brand-new Jeddah Yacht Club (JYC) is a private members club occupying pole position at the entrance to its own state-of-the-art superyacht marina, adjacent to the Jeddah street circuit and the turquoise waters of the Red Sea.

JYC offers its members exclusive access to the new Capital of Yachting in the GCC with its world-class facilities such as a gym, spa, fine dining restaurant, cigar lounge, indoor/outdoor beach club with an infinity pool, and several first-class nautical-themed business meeting rooms.

The Jeddah Yacht Club provides members access to watersports and tuition. Members are welcome to invite their guests to the club to make use of the many excellent facilities for private events such as corporate launches and family celebrations.

A core mission of the Jeddah Yacht Club is to provide members and their children the opportunity to enjoy watersports and the on-water lifestyle in perfect safety. Members can enjoy access to the soon-to-be-accredited JYC Sailing Academy where they will have the opportunity to learn to navigate a range of sailing yachts, motorboats, and other personal watercraft, as well as take part in sailing regattas and other boating events organized by the club. Programs available to members will also include marine educational activities such as the discovery and enjoyment of the extraordinary marine biodiversity of the Red Sea.

The Yacht Club and marina have been designed to enhance the Kingdom's tourism economy and its status as a leader of the region and to generate employment opportunities for the local community.

We support the Kingdom's goal of promoting culture, sport, and entertainment activities, as well as providing its people opportunities to participate in structured outdoor sports and hobbies within the region.

JLS Yachts & Superyacht Middle East™ are very proud to support the Jeddah Yacht Club and the opening of the stunning new Jeddah Yacht Club Marina.

Situated on the spectacular coastline of the Red Sea, this is the first major marina in Saudi Arabia with many more surely to come. As an "Official Port of Entry", JYC will smooth the entry process for visiting "Foreign Flag" superyachts to visit this untapped wonderland. JLS Yachts & Superyacht Middle East™ have for years been helping local authorities to appreciate the huge potential of business from visiting Superyachts for the Saudi marine industry.

We look forward to working with SELA and the Jeddah Yacht Club and supporting them fully through our soon-to-open JLS Yachts Jeddah Office.

Saudi Arabia

HERE WE COME!

After the successful launch of our new Superyacht Maldives™ office & operation and the building of our purpose-built RYA Training School, good ole Covid arrived and shut us all down.

Pleased to advise that the Maldivian Island chain is now open for business and doing very well indeed.

Continuously looking to cater for our VVIP Clients and their yachts we have now turned our attention to the ever-growing demand for the West Coast of Saudi Arabia and the exciting and unspoiled Red Sea.

We are fielding calls regularly to assist our customers on their voyage from the Med to all points South and East through the Suez Canal and into the Red Sea.

JLS Yachts / Superyacht Middle East™ will have a presence in Jeddah Saudi Arabia from January 1st, 2022, and service all ports on the Saudi West Coast. Port calls include Jizan in the South and Yanbu and Duba in the North. With the new rules and regulations coming into place, the government is easing the procedures and requirements for "Foreign Flagged" yachts entering the kingdom.

With untouched coastline, some of the best corals in the world, and incredible scenery make this region an excellent destination.

JLS Yachts / Superyacht Middle East™ will bring the same great service to this region as with the UAE & Maldives and are dedicated to the Superyacht industry and their very important Captains and Crew.
